

CONFLICT OF INTEREST FORM

(This document must be signed by the all the authors and submitted as a scanned copy during manuscript submission)

A conflict of interest (Col) occurs when an author has financial, personal, academic, or professional relationships that could influence or appear to influence their submitted work. These may include financial ties like employment, consultancies, stock ownership, honoraria, royalties, patents, or non-financial factors such as academic rivalry, personal relationships, or beliefs. Authors must disclose any such interests that might affect the integrity or perception of their manuscript, including ties to pharmaceutical companies, funding sources, consultancies, advisory roles, speaking engagements, stock ownership, intellectual property, or travel funding.

The undersigned author(s) hereby submit the manuscript entitled, _____

and declare that they have:

- ☐ No conflicts of interest related to this manuscript.
